SUMMARY

Fresh graduate of Informatics Engineering from YARSI University with a strong interest in Web Development. Experienced in building responsive and data-driven user interfaces using modern stacks such as Next.js, React.js, and Tailwind CSS, as well as a basic understanding of full-stack through the use of PHP (Laravel) and MySQL. Skilled in UI/UX to-code processes and familiar with industry standards such as API integration, Git, and deployment (Vercel).

EXPERIENCE

Junior Web Programmer

Oct 2025 – Dec 2025

PPKD Jakarta Pusat

- Developed and built data-driven web applications , gaining experience in both frontend (React.js, Bootstrap) and backend (PHP with Laravel framework) development.
- Successfully implemented responsive web interfaces while adhering to modern web design principles (HTML, CSS, JavaScript).
- Managed the development environment using XAMPP and performed database operations (CRUD) utilizing MySQL via phpMyAdmin.

Frontend Developer

Mar 2025 - Aug 2025

Universitas Yarsi

- Designed UI/UX prototypes in Figma and implemented them into functional code
- Successfully launched the MRICondyleNet application, developing the entire responsive frontend using Next.js and Tailwind CSS.
- Built a responsive interface for desktop, tablet, and smartphone
- Integrated the interface with backend RESTful API services to fetch and display data.
- Implemented key features such as dark and light mode support and ensured cross-device compatibility.
- Managed version control and team collaboration using GitHub, overseeing the deployment pipeline on Vercel.

Web Development & UI/UX Design

Feb 2024 – Jun 2024

Studi Independen MSIB Batch 6 - PT Mitra Talenta Grup

- Collaborated with a development team to build and test features for a React-based web application
- Designed UI/UX prototypes in Figma and implemented them into code
- Developed a responsive interface optimized for desktop, tablet, and mobile devices
- Maintained code integrity and facilitated team collaboration through the efficient use of Git and GitHub for version control.
